MOVE SET TO CORRECT BED PLACE:

1. DOUBLE TAP THE TILE WHERE THE CURRENT SET IS AND A POP-UP BOX WILL APPEAR.

2. TAP ARROW ON SIDE OF THE DROPDOWN BOX FOR "DEVICE". IT IS IMPORTANT THAT YOU *Always* select "Kit" from this dropdown (even if you are only moving a single bed or seat sensor pad).

3. TAP ARROW AT THE TOP OF THE OTHER TWO DROPDOWN BOXES TO SELECT THE DESIRED "ROOM" AND "BED" LOCATIONS.

4. TAP SAVE.
